## Welcome

Hello Parents,

Another warm welcome from all of us at BCESA! We are so excited to be working with your children this year and supporting them in the classroom.

Our team is dedicated to providing the best supports to your family and the educational centres your children are attending. We cannot wait to see how each child learns and grows this school year.

Monthly newsletters will be sent to you so you stay in the know and find out what's happening next with your child's specialized services.

If you have any questions about programming please reach out to your Education Coordinator (Dara-Lee Snow or Michelle Roberts).

### Individualized Program Plan (IPP)

The purpose of the IPP is to establish individualized programming, it is essential to identify a child's strengths and specific learning needs. Knowing what children's strengths are, will help the learning team choose goals, strategies and accommodations that build on these strengths.
